Message: Hi Ellen, My name is Venessa Gopaul with Precision Concrete Cutting, an ADA Compliant Sidewalk Repair Solution. We've repaired sidewalks for several business improvement districts throughout SoCal. The city is now offering a rebate program. Are you free this month for a brief lunch meeting to discuss ground liabilities, and the city's recent resolution to the sidewalks in the form of a rebate for property owners? Property owners will soon be responsible for the hazards around their properties. I can assist your property owners with the process? applying, pulling permits, and scheduling the repairs, where repairs are needed and replacement, where needed. Our company can provide the repair portion, and your property owners would still be able to take advantage of the rebates. This will also save your property owners money over the cost of replacement, while diminishing risk. Please take a look at the city's recent rebate program:
<http://www.sidewalks.lacity.org/> Please let me if your stakeholders are interested. I would like to present how can I be of assistance to your BID at your next board meeting or with you over lunch. Thank you for your time. Have a great day. Venessa Gopaul, MPL Regional Sales Manager Precision Concrete Cutting
